After Two Strong Weeks, BD Takes a Commanding Lead

Double Digit Weeks from BS, JD and MS Shake Up the Standings

Effective date: 2015-10-13

While I have been traveling for work and not posting messages (sorry!) BD has been on her grind, and it's paying off. In Week 4, BD had a remarkable 13 winners, propelling her upwards, and after picking 11 winners in Week 5, she has taken a commanding 3 game lead on the next best. With the exception of Week 2, in which all membership struggled, BD has picked in the double digits every week this season. You may recall BD was off to the races in the early part of last season as well. Can she keep it up? Time will tell.

BS also picked 11 winners to snatch a spot in second place with LF and SS, who now find themselves digging in their heels to hold onto their position. There might be something in the water down there in Florida, because JD had 11 winners as well, moving up a few spots. MS also had a strong week with 10 winners. At the end of this coming week we will be more than one-third of the way through the season. There's a lot of football left to be played, so expect a lot of movement in the standings!

We're inching closer to the unapologetic and inescapable MIP, so there is a scramble to continue racking up wins to last through the hard times. The coming weeks are where champions are made; be ready!

Happy Picking
