

SS shows signs of life; makin' moves with 11 wins

Back to back mediocre weeks for the field

Effective date: 2019-10-08

Just days after asking self reflective questions on our coveted message board, SS manages to get off the snide and deliver 11 winners to give him top honors for the week. Much like a teammate to a struggling pitcher, nothing was said of the usual steady picking SS, and right on queue he clutches up as most fall victim to back to back mediocre weeks. Let's see if SS can build on this, because one good week isn't enough to answer the questions that are being asked, but its certainly a start... Also, well deserving of some recognition is CM who posted 10 winners of his own and, to this point, has positioned himself nicely for a midseason run at the top spots. Very nice picking in the midst of a tough week, gentleman! To this point only 4 games separates 8 members in the middle of the pack, so it's safe to say that the next few weeks are going to be pivotal as the NFL season pushes on... Buckle up folks!!

Week 5 gave way to only one loner as KB took ATL over HOU but ATL wasn't able to outscore the high powered HOU offense as they fell 53-32. Tough loss, but a commendable effort KB! You inspire us.

We are in the thick of it, and the schedule doesn't get any easier moving forward as there are some hairy matchups ahead of us. Make sure to take a look at the GOO and see how you fare against your rival members! Who can capitalize under pressure? At this point it's anyones game... Happy picking my friends!

Still Pimpin',
