

SS Claims the Top Spot Behind Blistering 12 Win Week

50/50 Performance Split Causes Huge Shakeup on the Leaderboard

Effective date: 2024-10-01

Week 4 capped off the first month of the NFL season and boy did it bring the drama. In a season that has had its fair share of upsets and surprises it's only fitting that we had some members with great performances this week and some members that are wishing for a re-pick of week 4. It was an even split, six members trending up and six trending down that told the story. SS lead the charge and was the talk of memberships inner circles as he claimed 12 victories and took over 1st place. To this point SS has been looking for a week like this to build on and it couldn't have come at a better time for the 10-time Champ. Great picking display SS! DP, MM, DJ and NF follow just behind SS by each logging 11 wins to keep a nice pace and MS logs 10 to round out the top six. Way to be on the right side of the ledger gents! That leaves the bottom six to ponder their performances and hopefully use it to motivate them moving forward. Most notably BS and KB, who after sitting on top after 3 weeks, find themselves back in the middle of the pack hoping to recapture the glory they felt just a short time ago. A great first month of football down and one man on top to chase as we move on to week 5!

Loner news continues on as 5 picks were highlighted in red between two bold members. MS delivered on his commitment as he hit on DEN over NYJ! PM was our other loner member who has not been shy in the early going and added another 4 loners to his tally. Although all 4 games were close he was only able to capitalize on his IND pick. But hey, one is better than none!! Great wins MS and PM!

So here we sit..SS snags the keys to the penthouse and was seen unloading his bags Tuesday morning. How long will he stay? Only time will tell...

Your President,

LF
